Subject: I support further prosecution of Microsoft in the Anti-Trust case

I am a resident of Austin, Tx. Unfortunately, my state has settled with Microsoft in the anti-trust battle. My Attorney-General does not represent me, and my only recourse is to ask that you continue to prosecute.

Microsoft's latest action, the 'donating' of $1 billion worth of microsoft windows, software and hardware to schools (while in theory a nice gesture) illustrates how they continue to use their power to and unlimited wealth to move more and more people onto their platform.

Please continue the fight for equality.
