Subject: Thanks anyway DOJ.

Not only has control of our country fallen into the hands of Corporate Interest, but it seems that we (as citizens) are powerless to do anything about it. This case only shows that the real people running this country are the corporations themselves. Thanks anyway DOJ. Your solution to the problem in this particular case is not a solution at all. Guess we'll all realize that when we are willing to take another real look at the problems with Microsoft. - Predicted to happen within 5 years. I guess all I can say is I wish us luck next time because doubtless we will be here again.
