MESSAGE: Dear Judge Hesse:

I am writing to you to request that you do not destroy Microsoft. As an "end user" of Microsoft as well as a student, and as a member of the public, I want you to know that I use their products because they are the only ones that are up to a usable standard. If I had any complaint, I would change, or complain etc. The fact that Microsoft has grown from nothing to the largest on earth is caused from the superiority of their products as well as the useless and amateur products being produced by its competitors. (The plaintiffs in this case have to use an attack on Microsoft to gain market share because they have nothing else to depend on.

They are a bunch of greedy no-talent frauds that are hoping they can intimidate and fool you into thinking they are telling the truth.

I have read the trial transcript and attempted to use the plaintiffs' products and I am confident that what I am saying is true. Microsoft has done nothing to the business world except make the best product in its field. These people are responsible for their own failure and I hope you will keep that in mind. I am praying with all my heart that my taxes won't be hurt by your decision.

Sincerely,

Paul Small
