## **EOIR to Host Access EOIR Listening Session**

**SUMMARY:** The Executive Office for Immigration Review (EOIR) invites interested parties to attend the first of a series of public forums regarding the [Access EOIR](#) Initiative. Access EOIR improves access to information and resources for respondents and practitioners with business before the agency and general information of interest to the public. During the session, agency senior leadership will be available to listen to comments, compliments, and concerns from stakeholders regarding two of EOIR's web-based initiatives—the EOIR Courts & Appeals System ([ECAS](#)) and the Immigration Court Online Resource ([ICOR](#)).

ECAS is part of an overarching information technology modernization effort at EOIR. Its goal is to phase out paper filing and processing and to retain all records and case-related documents in electronic format. EOIR has fully implemented ECAS at all immigration courts, adjudication centers, and the Board of Immigration Appeals, and use is mandatory for all attorneys and fully accredited representatives when they file documents in those cases eligible for electronic filing.

ICOR is a mobile-friendly and centralized web tool that provides respondents, practitioners, and other interested parties with immigration-related resources including information to help respondents learn about and prepare for immigration proceedings including general information about the forms of relief and protection from removal. ICOR is available in English, Spanish, Chinese, Haitian Creole, Portuguese, and Punjabi.
