I approve - Kyle this needs you and Phil - Carefirst is a Oracle financials customer and originally selected Oracle for HR but we have clawed our way back and are now in the driver seat for the deal, but pricing was a major issue.

Michelle, we need Curt to approve a 65% discount for Carefirst. Let me know if you need any more details. This will need to be escalated up the ranks to Phil ultimately.

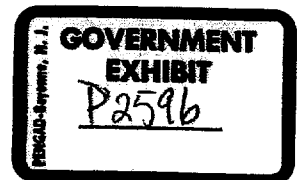

Thanks.

We will need Kyle and Phil's approval for a 55% Discount. We may need to go to 65% to pull it in this quarter. Please approve and forward to Curt.

List After TTR	2,262,700
Discount %	55% for contract prep (request ability to go to 65% if needed)
Discount Amount	1,244,485
Net License Fees	1,028,830

The 55% (potentially 65%) discount is needed to compete with Oracle. Oracle is their current Financials and DB provider. CareFirst has a long history with the Oracle who was selected for HR/PR when Systems were evaluated 2 years ago. This discount will position us just below Oracle from a cost standpoint.

Let me know if you need any further information.
