Subject: Truly pathetic

I don't know how much worse a government organization can get than the current group in charge of this anti-trust process. Obviously there is much political pressure to get this out of the courts and the people be damned!

It is very obvious that Microsoft BROKE THE LAW! Even the appeals court agreed. So why come up with a wimpy, ineffective, totally useless resolution?

As a consumer and software developer , I am totally and thoroughly disgusted!

I hope the states show the DOJ what a true and meaningful resolution is!

Utterly, truly pathetic!
