It is pathetic how the DoJ has surrendered to Microsoft. Goes to show what a couple million dollar donation to the Republican party can get you. Is that against the law? Clinton was investigated for all types of spurious reasons. Why is there not an investigation into Bush and Ashcrofts collusion with Microsoft? Executives from Microsoft met in the WHITE HOUSE!!!!!!

When is there going to be a bribery investgation of Ashcroft and Bush? It is obvious that Microsoft bought their way out of the suit. There is \*NO\* way that anybody would \*WIN\* the battle then surrender the war. What the heck is going on?

I thought that the Department of Justice was about JUSTICE. Not about who has the most money to buy the form of "justice" that they want.

I have lost all faith in the legal process in this country. To have \*9\* federal judges declare Microsoft an abusive monopoly and then to have the DoJ, which is supposed to be looking out for the consumer, capitulate right before the miracle is absolutely DISGUSTING.

Why don't you go have some more backroom meetings with Microsoft. I am sure that is completely within the guidelines of the Bar. Your division of the DoJ should be ASHAMED.
