Subject: MICROSOFT SETTLEMENT

Please, Please get off Microsoft's back and settle without further litigation. The American public is very fed up with the way our leaders are "squandering" our hard-earned taxpayer dollars. THIS IS SUPPOSED TO BE "THE LAND OF OPPORTUNITY" AND MICROSOFT IS MERELY EXERCISING THAT RIGHT.

Really think you have more important issues to spend your time on like:
Trying to make this nation a fair and non-terrorist place to try and live.
