Hey "My-USGovernment Justice System" ...

Please don't mess things up for us Microsoft Users ... you'll find that Microsoft has made our lives easier (please open your mind to the daily use factor) ... breaking Microsoft up into individual companies will have the opposite effect on the Public than what you think. Remember back when you broke up Standard Oil or AT&T ... same result ... don't let that happen again !!!

If you want to slap them around for strong arming their vendors ... be my guest ... they do deserve that !!! ... If ... that is a fact ???! ... Don't listen to those other Politicians ... Fight for Us !!

If you want an ear full ... just call me ... but don't mess up my life again by tearing down another Company !!! ... and Again ... learn from the past mistakes ...

"We the People" are tired of bad decision making!! TRUST ME !!! ... Listen to Us ... Please !!!

Very Satisfied Microsoft User ... and God Bless Our America !!!
