Subject: Microsoft Settlement

To Whom It May Concern:

I am a manager of a Silicon Valley startup and would like to quickly express my concerns about the Justice Departments Proposed Final Judgment in the Microsoft Antitrust case. It seems that the PFJ does not adhere to the U.S. Court of Appeals decision that any government settlement should have three elements:

1. Terminate Microsofts monopoly.
2. Deny Microsoft the profits of its past violations.
3. Prevent any future anticompetitive activity.

To protect consumers and small competitive companies from monopolistic entities such as Microsoft, I believe that the elements proposed by the U.S Court of Appeals should be followed.

Sincerely,

Bob McCord
