Subject: Microsoft Settlement

To Whom It May Concern:

I have reviewed the proposed settlement with Microsoft, and I find it unsatisfactory. As an IT industry professional, I am especially concerned with how the issue of Microsoft's anti-competitive practices are resolved. I am therefore writing you this e-mail to express to you my concerns, with the hopes that you are able to take my concerns and those of others and use them to craft a more effective settlement that results in increase competition and prosperity for our economy.

My concerns are identical to those concerns outlined in this URL:

I would appreciate it if you would take these concerns into account and modify the current proposed settlement.

Thank you,
