Dear Sir/Madam,

I believe that this settlement is one of the worst things that you can do to American consumers and the economy. You are allowing a convicted monopolist to continue to do what it has always done, crushing any and all competition, only now, it has the weight of the law. Passing this law would mean AT&T should not have been broken up years ago.

Please go with the 9 states that are not onboard this gravy train for Microsoft. Please do not go forward with this crazy idea of legalizing the crushing of a monopolist's competitors.

Thank you very much.
