Dear Sir or Madam;

I am opposed to the proposed settlement in the Microsoft Anti-trust case. The currently proposed settlement does not adequately address the problems created by the past actions of Microsoft. Additionally, the proposed remedy of extending the judgement for a period of two years for non-compliance is wholly inadequate.

I would support a settlement that included a requirement that Microsoft make public all APIs and file formats for a period of five years and provided for a significant penalty for failure to do so.

Thank You,
