Subject: Microsoft Settlement

I think the settlement is a bad idea. Microsoft has gotten away with enough - don't you dare let them off easy!! We, the American people, depend on you to do what is right for us, not for monopolistic corporations. If you fail us on this, it will be one more confirmation that government doesn't care about us, only about those who can line your pockets!

Do the right thing - do not settle against Microsoft! Nail them to the wall, like you would any individual!
