Subject: Microsoft Settlement

To whom it may concern,

Please note my dissatisfaction with the Proposed Microsoft Settlement.

I have been an active Macintosh user for over 10 years and the actions that Microsoft has taken to limit access to their systems and their barrier to entry into competitive operating systems has caused me and my business great trouble over the years.

The settlement in it's current form will only succeed in strengthening Microsoft's hold on the educational markets and make the current problems worse.

I would be willing to discuss these matters further with you at your request.

Thank you for your attention.

Sincerely,

Noel VanEynde
