Subject: Microsoft Settlement

Dept. of Justice:

As a citizen and stockholder of both Microsoft and AOL, I am greatly concerned that the lawsuit recently filed by AOL will hinder the settlement of the Microsoft case. It is time for the government to put this case to rest! It should never have been started to begin with. What a waste of taxpayers money!!!!

In addition, the timing of the purchase of Netscape by AOL would indicate to me that AOL is simply jumping on the litigation bandwagon, rather than putting their time and resource into duking it out in the competitive arena....where they should be.

It is time to get this mess settled and move forward.

Thank you for your consideration!
