Subject: Microsoft Settlement

Dear Attorney General Renata Hesse:

The provisions of the Microsoft agreement are tough, but I believe the terms-which have met or gone beyond the findings of the Court of Appeals ruling-are reasonable and fair to all parties involved. This settlement represents the best opportunity for a great company like Microsoft (whom has changed the lives of millions of people for the better) and the industry to move forward. Microsoft has helped so many people work and live more efficiently and effectively. It is time to move forward and approve this settlement which is in the best interest of the people of this country.

Thank you.
