(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) enhance the quality, utility, and clarity of the information to be collected; and

(4) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information collection:

(1) *Type of Information Collection:* New collection.

(2) *Title of the Form/Collection:* National Survey of Police Executives, District Commanders and Agencies.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form: COPS 28/01. Office of Community Oriented Policing Services, U.S. Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* A sample of local law enforcement agency heads and precinct/district commanders that have received grant funding from the COPS Office will be surveyed regarding the nature and extent of community policing implementation in their agencies and precincts/districts.

to uphold its mandate, the COPS Office has awarded hiring and redeployment grants, innovative grants, and training grants to over 10,000 law enforcement agencies nationwide. While the COPS Office has made significant strides in funding officers it is important to consider the 1994 Crime Bill and the emergence of COPS in a long-term perspective. The proposed survey aims to answer questions regarding the nature and extent of community policing implementation across the United States.

COPS data and prior national surveys of community policing implementation

are limited in their capacity to describe how extensive community policing implementation is. In addition, existing data sets do not permit exploration of the likelihood that implementation of community policing varies within jurisdictions particularly large ones that are decentralized to precinct or district levels. The National Survey of Police Executives, District Commanders and Agencies will be able to capture variations within a jurisdiction.

Surveys will incorporate elements that the COPS Office has identified as key components of community policing and will draw upon prior surveys, other literature, and prior knowledge to develop a comprehensive listing of community policing elements. Questions will provide more precise information about the extent to which each element is implemented.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* This collection is being conducted in two phases as a pilot survey and a larger follow-up survey. Two sections, Section A and Section B will be utilized; a total of approximately 6700 respondents will be surveyed. Estimated time to complete Section A is 20 minutes with no preparation time; estimated time to complete Section B is 1.5 hours including preparation time.

(6) *An estimate of the total public burden (in hours) associated with the collection:* Approximately 6141.6 hours.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration, Office of Records Services—Washington, DC.

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: Requests for copies must be received in writing on or before September 28, 1998. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

ADDRESSES: To request a copy of any records schedule identified in this notice, write to the Life Cycle Management Division (NWML), National Archives and Records Administration (NARA), 8601 Adelphi Road, College Park, MD 20740-6001. Requests also may be transmitted by FAX to 301-713-6852 or by e-mail to records.mgt@arch2.nara.gov.
