DHS's printed agenda entries include regulatory actions that are in the Department's regulatory flexibility agenda. Printing of these entries is limited to fields that contain information required by the agenda provisions of the Regulatory Flexibility Act. Additional information on these entries is available in the Unified Agenda published on the internet.

The semiannual agenda of the Department conforms to the Unified Agenda format developed by the Regulatory Information Service Center.

Abstract: The Department of Homeland Security (DHS) is considering making regulatory changes to the EB-5 Immigrant Investor Regional Center Program. DHS issued an Advance Notice of Proposed Rulemaking (ANPRM) to seek comment from the public on several topics, including: (1) The process for initially designating entities as regional centers, (2) a potential requirement for regional centers to utilize an exemplar filing process, (3) continued participation requirements for maintaining regional center designation; and (4) the process

for terminating regional center designation. While DHS has gathered some information related to these topics, the ANPRM sought additional information that can help the Department make operational and security updates to the Regional Center Program while minimizing the impact of such changes on regional center operations and EB-5 investors.

As a result of the FY 2019/2020 IEFA fee review, and following full consideration of public comments, DHS published its final rule (85 FR 46788) on August 3, 2020 with an effective date of October 2, 2020.

Abstract: The Coast Guard proposes to amend the lifejacket approval requirements and follow-up program requirements by incorporating three new bi-national standards. At the same time, the Coast Guard proposes to amend lifejacket and personal flotation devices (PFD) carriage requirements to allow for the use of equipment approved to the new standards, and to remove obsolete equipment approval requirements. The new standards are state-of-the-art and are intended to replace the legacy standards. The proposed amendments will streamline the process for approval of PFDs and allow manufacturers the opportunity to produce more innovative equipment that meets the approval requirements of both Canada and the United States, while reducing the burden for manufacturers in both the approval process and follow-up program.

E.O. 13771 Designation: Regulatory.
Legal Authority: 33 U.S.C. 2713 and 2714

Abstract: The purpose of this project is to remove superseded regulations at 33 Code of Federal Regulations (CFR) part 135, and to finalize the Oil Pollution Act of 1990 (OPA'90) claims procedures at 33 CFR part 136. The OPA'90 claims procedures, implementing OPA'90 section 1013 (Claims Procedures) and section 1014 (Designation of Source and Advertisement), were established by an interim rule, titled "Claims under the Oil Pollution Act of 1990" (Interim Rule) that has not been substantively amended since it was published in 1992. This rulemaking supports the Coast Guard's strategic goal of protection of natural resources.

E.O. 13771 Designation: Other.
Legal Authority: 46 U.S.C. 4502 and
5103; Pub. L. 111–281

Abstract: The Coast Guard proposes to implement those requirements of 2010 and 2012 legislation that pertain to uninspected commercial fishing industry vessels and that took effect upon enactment of the legislation but that, to be implemented, require amendments to Coast Guard regulations affecting those vessels. Abstract: The Coast Guard proposes to amend its rule on vessel financial responsibility to include tank vessels greater than 100 gross tons, to clarify and strengthen the rule's reporting requirements, to conform its rule to current practice, and to remove two superseded regulations. This rulemaking will ensure the Coast Guard has current information when there are significant changes in a vessel's operation, ownership, or evidence of financial responsibility, and reflect current best practices in the Coast Guard's management of the Certificate of Financial Responsibility Program. 264. Implementation of the Guam— CNMI Visa Waiver Program (Section 610 Review)

E.O. 13771 Designation: Fully or Partially Exempt.

Legal Authority: Pub. L. 110–229, sec. 702

Abstract: The interim final rule amends Department of Homeland Security (DHS) regulations to implement section 702 of the Consolidated Natural Resources Act of 2008 (CNRA). This law extends the immigration laws of the United States to the Commonwealth of the Northern Mariana Islands (CNMI) and provides for a joint visa waiver program for travel to Guam and the CNMI. This rule

implements section 702 of the CNRA by amending the regulations to replace the current Guam Visa Waiver Program with a new Guam-CNMI Visa Waiver Program. The amended regulations set forth the requirements for nonimmigrant visitors who seek admission for business or pleasure and solely for entry into and stay on Guam or the CNMI without a visa. This rule also establishes six ports of entry in the CNMI for purposes of administering and enforcing the Guam-CNMI Visa Waiver Program. Section 702 of the Consolidated Natural Resources Act of 2008 (CNRA), subject to a transition period, extends the immigration laws of the United States to the Commonwealth of the Northern Mariana Islands (CNMI) and provides for a visa waiver program for travel to Guam and/or the CNMI. On January 16, 2009, the Department of Homeland Security (DHS), Customs and Border Protection (CBP), issued an interim final rule in the **Federal Register** replacing the then-existing Guam Visa Waiver Program with the Guam-CNMI Visa Waiver Program and setting forth the requirements for nonimmigrant visitors seeking admission into Guam and/or the CNMI under the Guam-CNMI Visa Waiver Program. As of November 28, 2009, the Guam-CNMI Visa Waiver Program is operational. This program allows nonimmigrant visitors from eligible countries to seek admission for business or pleasure for entry into Guam and/or the CNMI without a visa for a period of authorized stay not to exceed 45 days. This rulemaking would finalize the January 2009 interim final rule.

Abstract: This final rule implements the provisions of section 203 of the Security and Accountability for Every Port Act of 2006. On November 25, 2008, Customs and Border Protection (CBP) published an interim final rule (CBP Dec. 08–46) in the **Federal Register** (73 FR 71730), that finalized most of the provisions proposed in the Notice of Proposed Rulemaking. It requires carrier and importers to provide to CBP, via a CBP approved electronic data interchange system, certain advance information pertaining to cargo brought into the United States by vessel to enable CBP to identify high-risk shipments to prevent smuggling and ensure cargo safety and security. The interim final rule did not finalize six data elements that were identified as areas of potential concern for industry during the rulemaking process and, for which, CBP provided some type of flexibility for compliance with those data elements. CBP solicited public comment on these six data elements and also invited comments on the revised Regulatory Assessment and Final Regulatory Flexibility Analysis. (See 73 FR 71782–85 for regulatory text and 73 CFR 71733–34 for general discussion.) The remaining requirements of the rule were adopted as final.

266. Visa Security Program Fee*E.O. 13771 Designation:* Other.*Legal Authority:* 8 U.S.C. 1356

Abstract: ICE seeks to enable the expansion of the Visa Security Program (VSP) by proposing to move it to a user-fee funded model (as opposed to relying on appropriations). The VSP leverages resources in the National Capital Region (NCR) and at U.S. diplomatic posts overseas to vet and screen visa applicants; identifies and prevents the travel of those who constitute potential national security and/or public safety threats; and launches investigations into criminal and/or terrorist affiliated networks operating in the U.S. and abroad. The fees collected as a result of this rule would fund an expansion of the VSP, enabling ICE to extend visa security screening and vetting operations and investigative efforts to more visa-issuing posts overseas, and in turn, enhance the U.S. government's ability to prevent travel to the United States by illicit actors.

E.O. 13771 Designation: Not subject to, not significant.

Legal Authority: 8 U.S.C. 1103

Abstract: U.S. Immigration and Customs Enforcement (ICE) is establishing standards and procedures ICE will follow before making a determination to stop accepting immigration bonds posted by a surety company that has been certified to issue bonds by the Department of the Treasury when the company does not cure deficient performance. Treasury administers the Federal corporate surety program and, in its current regulations, allows agencies to prescribe “for cause” standards and procedures for declining to accept new bonds from Treasury-certified sureties. ICE will also require surety companies seeking to overturn a breach determination to file an administrative appeal raising all legal and factual defenses.

E.O. 13771 Designation: Other.
Legal Authority: 6 U.S.C. 621 to 629
Abstract: The Department of Homeland Security (DHS) previously invited public comment on an Advance Notice of Proposed Rulemaking (ANPRM) for potential revisions to the Chemical Facility Anti-Terrorism Standards (CFATS) regulations. The ANPRM provided an opportunity for the public to provide recommendations for possible program changes. Taking into consideration the comments received, the Cybersecurity and Infrastructure Security Agency (CISA) has determined to limit the scope of this rulemaking to improving Appendix A to the CFATS regulations and address concerns with release-flammable security issues. Additionally, in June 2020, CISA published a notice announcing the availability of a retrospective analysis of the data, assumptions, and methodology

that were used to support the 2007 CFATS interim final rule and providing the public an opportunity to provide comment. Once the comment period closes, CISA intends to determine the next appropriate step for this rulemaking.
