(U) Background on the Steele Corroboration Matrix

~~(S//NF)~~ The following document reflects the status of FBI efforts as of 6 April 2017 to corroborate reporting collected by Christopher Steele related to the 2016 Presidential Election. This is the last draft of the matrix that had been completed prior to the establishment of the Special Counsel's Office. The matrix reflects an internal deliberative analytic product that leveraged a wide range of FBI, open source, and other agency sources in an effort to assess Steele's reporting.

~~(S//NF)~~ This document is provided with the following redactions:

- ~~(S//NF)~~ Other Government Agency (OGA) classified information for which the FBI is not the originator has been redacted. Each OGA redaction includes an annotation identifying the originating owning agency of that information.
- ~~(S//NF)~~ Information that would identify Steele sub-sources or sub-sub-sources has been redacted. Information that could identify other FBI human sources has also been redacted.
- ~~(S//NF)~~ FBI case file numbers have been redacted.

~~(S//NF)~~ The document was created for internal investigative use only and was not intended to be disseminated; therefore, sensitive U.S. Person information was included for the purposes of advancing internal FBI investigative and analytic efforts. Prior to any use or dissemination of this information, the FBI will have to assess the release of the U.S. Person information in accordance with applicable policies and procedures.

FBI re: Russia.

Cori, Andy, D, Bill, Jim K., Jim B.

① Do we want to confirm investigation of coordination?

② Getting hammered, need guidance on what we need to do.

→ Up should & Down should do it?

→ When get beat up for weeks if go. to do.

③ Whether to brief that on hill? If so to whom?

④ Reasons - public needs to be assured?
- looks stupid.

- We brief cases to Congress if very sensitive, will brief leadership only.

- D: Confirmed Flynn - Brief chair & ranking about Flynn.

- What are you doing on dossier?

- Who are you looking at re: foreign agent?

- We are working to understand 'who are you looking @?'
