IMPORTANT NOTICE

To All Chapter 7 Debtors and Counsel

The United States Trustee requires all Chapter 7 debtors to provide case Trustees with identification to verify the debtors' identity and social security numbers. The debtor must produce a valid state issued driver's license as identification. If the debtor does not have a driver's license, some other form of state issued photo identification should be provided. In addition, the debtor must produce a social security card, a state issued identification card, an alien card, or a copy of a W2 form for the most recent tax year to verify the debtor's social security number. The meeting will be continued to the trustee's next date if a debtor does not have the required information.
